Evangelical Choir „Christ The King“ Kampala, Uganda

In the spring of 2016, 19 singers from the Ugandan choir visited our pastoral unit. There were many common activities, singing in Church services and the organization of a major concert in cooperation with the „Mössinger Chorgemeinschaft“. During this time many friendships were established. A group of 12 people set off for a return visit to Uganda in June 2017. Again, the encounters with the choir and singing together in Church services were very impressive.

We want to maintain those established relationships. There will be another visit in July 2018 with 10 persons travelling to Uganda with Father Mayanja.

The Arch Bishop of Kampala's visit to Mössingen
in the summer of 2017
Dr. Cyprian Lwanga (4th from right)

Katholische Seelsorgeeinheit
Steinlach-Wiesaz

The music school in Kampala was inaugurated on the occasion of our visit there in June 2017. The construction of this school had been made possible through donations of money and instruments from our pastoral unit. It is part of a major youth centre in Nsambya near Kampala called the „YES-Centre“ (Youth Encounter the Saviour). The centre is operated by the Archdiocese of Kampala; its head is father Joseph Luzindana. At the Centre a great number of young people get the opportunity of training in crafts or computers, as well as musical and religious education. Apart from the music school there are sports facilities, common rooms and a chapel for prayer and worship. In agreement with our diocese and the department „Weltkirche“ and with the consent of the parish councils of Mössingen/Bodelshausen and Dußlingen/Gomaringen/Nehren we intend to establish a partnership with this youth centre.

During the next visit to Uganda in July 2018 the partnership with the YES-Centre shall be ratified with the signing of a memorandum.

For the future we are planning to continue our support for concrete projects of the youth centre with initiatives within our pastoral unit.
